Frameworks / Systems

PROFILE

I am an ambitious and skilled all-round developer with a lot of technical knowledge about various applications, languages and systems. In addition, I am social and find it a challenge to achieve goals in a team environment. Qualities that belong to me are; accurate, stress resistant, responsible and perseverance.

WORK EXPERIENCE

Internship municipality Heusden-Zolder

IT ASSISTANT   FEB 2019

During my internship, I received dozens of damaged laptops and computers. My job was to rebuild, reformat and reinstall these laptops and computers.

PERSONAL PROJECTS

The PXL Challenges   NOV 2021

The PXL Challenges is a platform made for IT students. Every day at 7pm a new programming challenge is uploaded that students can solve. On this platform students can battle with each other and improve their skills.

YourQRMenu   AUG 2021

YourQRMenu is a platform made for the catering industry during the covid period. After scanning a qr code, the customers land on a web application where they can go through the entire menu and place an order.
